

You Must Act Quickly

To Secure One of the Magnificent Bohn Syphon Refrigerators Specially Made for the

U.S. NAVY

Last August we were awarded by the U. S. Government a large contract for Refrigerators for battleships, armored cruisers, submarine chasers, etc. The contract called for the very highest grade of construction ever put in Refrigerators by any manufacturer, and every process of manufacture was rigidly inspected. These Refrigerators were shipped to the various Navy Yards.

When the Armistice was signed, most of the Refrigerators shipped to the Philadelphia Navy Yard could not be used because the vessels for which these Refrigerators were intended would not be built.

These Refrigerators were stored in the Philadelphia Navy Yard Buildings Nos. 400 and 401, and were shipped back to us. These that are still left are now in the original crates, and are ready for immediate delivery or shipment, or can be held (on a small deposit) for fall delivery. But the stock is almost exhausted.

These Refrigerators have exteriors of beautiful light sky-blue genuine fused-steel porcelain. The trim and fittings are handsome solid brass nickel-plated, with heavy solid brass nickel-plated sanitary legs equipped with brass sockets, with 6-inch clearance from the floor for easy cleaning. They have 4 doors, 5 shelves and 2 bottom compartments. The size is 37 1/2 inches wide, 20 1/2 inches deep and 60 inches high. Ice capacity about 100 lbs.

The lining is genuine pure white fused-steel porcelain, single-piece and with rounded corners.

Each Refrigerator is fitted with 2 Yale & Towne specially made nickel-plated pad-locks bearing the name "U. S. N."

We have here probably the largest and finest display of high-class Refrigerators in the country. Bohn Refrigerators in great variety from \$19.00 up, including the Bohn All-Metal "Ideal," same as used by the U. S. Government in Panama. Very low Special Sale prices are now in effect on all models.

Actual Market Value \$250.00

\$156.00

During this Special Sale we Have Marked All Bohn Models at Radical Reductions.

Royalty Ladies' Tailoring Co.

?

Do you want to look like everybody else, or do you prefer to have others want to look like you

?

Do you want individuality in style, cut and fit of your gowns or do you prefer something that any other woman can wear, if she chooses?

These queries find a satisfactory answer in my new Spring lines and my distinctive tailoring, daringly different in design but still within the dictates of good taste.

La-May Face Powder

Is Harmless to the Most Delicate Skin

We again remind you that you can now use a face powder that positively will not cause enlarged pores, blackheads and irritations. In fact, while it is considered the best face powder, it is also a remedy for complexion troubles. It is guaranteed pure and really harmless to the most delicate baby skin. It beautifies the complexion wonderfully because it helps to clear and lighten the skin and protect the complexion from blemishes. This new kind of face powder is made largely of an ingredient that skin specialists use in the treatment of the complexion. And it really stays on better than any other face powder. Of course, after saying this, every one will know we are speaking of the famous La-May powder (French Poudre L'Amé). This is the powder that does not contain starch or rice powder or dangerous white lead to make it adhere. White lead is a deadly poison and rice powder turns into a gluey paste that encourages enlarged pores, blackheads and rice powder irritations. Because La-May is so pure and because it stays on so well it is now used by over a million American women. The large size is only fifty cents. Most dealers also carry the small trial size. Be sure to try La-May. You will really never know a perfect face powder until you use it. You will be sorry if you take a substitute. When you use this improved powder and see how beautifully it improves your complexion, you will understand why La-May so quickly became the most popular beauty-powder sold in America.
